POLICY DETAIL

|----------------|--------------|
| Revision # | 2 |
| Effective Date | June 2023 |
| Review Date | January 2026 |

CONTEXT

Thomas More College is committed to resolving all grievances through effective, fair and impartial restorative procedures. While members of staff are professional educators, whose aim it is to promote the learning and personal development of all students and help them achieve their personal best, it is acknowledged that there may be occasions when a student perceives that:

- They have received an unfair or inappropriate response to a behavioural issue; or
- An academic result does not correspond to the level of learning put into a task.

In cases such as these, the need to have in place a set of procedures by which a student may seek review of that matter is investigated.

PHILOSOPHY

Underpinning the Grievance Policy lies a commitment on the part of the school community to the following key philosophy, that:

- Parties will be encouraged to resolve the matter together in the first instance
- The focus for resolution of a grievance will be upon the circumstances, not an individual
- All individuals will be treated fairly and impartially
- All individuals will have a right to present their case fully and openly, and without fear of retribution
- All individuals have the right of confidentiality
- Grievance issues will be dealt with one at a time
- Grievances are to be lodged within a period of five days from formal notification of an academic result or a consequence
- Resolution of any grievances will be achieved as quickly as possible
- Parents/Guardians will be kept informed, where applicable, of matters pertaining to the grievance
- Grievance resolution will involve the minimum number of people.

PROCEDURE

If there is a grievance with a staff member which cannot be resolved between the two parties, a student may approach the relevant College contact as outlined in the flow charts below. At any point the College Counsellors can be approached by either party to help mediate in the process.
