

## Introduction to SEQTA Engage

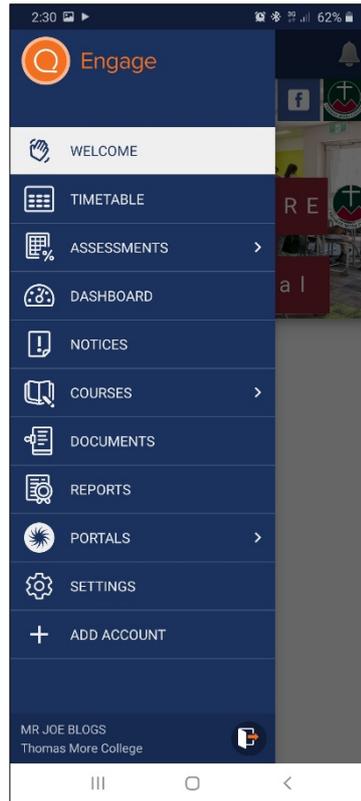

Thomas More College uses the Learning Management System SEQTA which provides parents and students with live access to:

1. Student assessment grades and teacher feedback.
2. Current and past student reports.
3. College news and notices.
4. Unresolved student absences from the College.
5. Subject information.
6. Useful links and resources.

Each family will receive up to two parent logins. Students use their college credentials details to access.
